The Rex Theater has now booked World, Metro, Triangle and Goldwyn Pictures

## QUESTION OF STOCK RUNNING AT LARGE IN MUNICIPAL DISTRICTS

Under the provisions of The Municipal District Act, Sections 26 to 28a inclusive, authority is given to any Municipal District to pass a by-law with reference to stock running at large. By the amendments made to the Act at the recent session of the Legislature, at the request of the Hon. A. G. MacKay, Minister of Municipal Affairs, any by-law of a Municipal District with reference to stock running at large, must be submitted for approval of the Minister before it can be advertised as provided for by Section 214 of the said Act, and any Municipal Council that is considering the putting into force of a by-law with reference to stock running at large, should be careful to see that they have the necessary approval endorsed on a certified copy of their by-law before it is advertised. This amendment was asked for not because it was desired to interfere in any way with the business of the Municipal Districts, but for the purpose of protecting Municipal Districts, as far as possible, from trying to enforce a by-law which would be illegal, and which would get them into trouble. The following is a copy of the model form of by-law which is being sent out to the Municipal Districts under the instructions of the Minister, so that they may draw up their by-law in accordance therewith:

### By-Law No. ....

A By-law of the Municipal District of ..... No. .... for restraining animals at large.

1. No horse, etc., (describe animals to be affected), the property of any person, resident or non-resident, within the said Municipal District of ..... No. .... shall at any time be at large in that part of the said Municipal District, particularly described as follows: ..... (if it is not desired to restrain animals from running at large in any part of the district, use the words "in any part of the said Municipal District," if, during certain months of the year, substitute particular months for the words "at any time").

2. An animal at large shall be deemed to be any animal not under direct control of the owner or someone acting under his authority, or not confined within any building or lawful fence.

3. Any animal at large contrary to the provisions of this by-law may be impounded in the manner herein provided for.

4. Pounds shall be established as follows: (location of pounds and names of poundkeepers shall be added).

5. Any fence conforming with the requirements of the Fence Ordinance shall be deemed to be a lawful fence, for the Municipal District may define the fence they desire to have as a lawful fence.

6. Notwithstanding anything herein contained, any resident of the said Municipal District may allow ..... head of horses or cattle (up to 100 may be allowed or in the alternative up to 500 sheep) to run at large for every 160 acres of land owned by him within this district.

7. The provisions of Sections 208 to 215 inclusive of the Municipal District Act shall be deemed to be incorporated in and form part of this by-law.

8. The provisions of the Stray Animals Ordinance, the Herd Ordinance and the Pound District Ordinance, shall cease to be operative within the said Municipal District on the coming into force of this by-law (if it is desired to retain the Stray Animals Ordinance or the Entire Animals Ordinance, the one to be retained shall not be mentioned in this section).

9. Any person who suffers or permits any animal, which he is entitled to possession of to be at large within the said Municipal District, shall be guilty of breach of this by-law, and shall, under summary conviction under Part XV of the Criminal Code, forfeit and pay as a penalty an amount not exceeding One Hundred Dollars and costs, and in default of payment shall be liable to punishment by imprisonment with or without hard labor for a period not exceeding thirty days, unless such fine and costs, including the

costs of committal, are sooner paid.

Done and Passed in Council this ..... day of ..... A.D. 19.....

Mayor (Municipal District Seal.)

Secretary-Treasurer

Referring to this model form of by-law, the following points should be carefully noted:

Section 1 refers to "resident or non-resident." If it is desired to make the by-law apply to non-residents only, the necessary change desired should be made.

Section 6 provides for the limiting of the number of cattle or horses or sheep that a man may own land within the Municipal District may be allowed to run at large.

The question of the number that may be allowed to run at large in any Municipal District rests with the Council of the District, but no provision can be inserted in the by-law so as to restrict the owner of land to more than one hundred cattle or horses or five hundred sheep running at large for each quarter section of land in the Municipal District owned by him. It should, of course, be borne in mind that it is not necessary for the Municipal Council to deal with this point at all unless they so desire.

It is important that the provisions of the Act in regard to advertising of the by-law should be carefully followed; that is, that any by-law with reference to stock running at large, which the Council of the Municipal District intends putting into operation, should, after the form of by-law has been approved by the Minister, be advertised by notice in some newspaper published in the Municipality, or if there is no newspaper published in the Municipality, in some newspaper having a circulation therein. Such notice shall contain a synopsis of the by-law, and in addition, a copy of the by-law is required to be posted up in fifteen conspicuous places in the Municipality; one of these places being the office of the Secretary-Treasurer.

If within thirty days of the publication of the notice in the newspaper, ten resident electors of the Municipal District petition the Council to do so, the by-law must be submitted to a vote of the resident electors, and a two-thirds majority of those voting is required before the Council can place the by-law in operation.

## BASEBALL NEWS

Ernie Moffatt and Stanley Wyatt were delegates to the baseball meeting which was held at Carmangay on Thursday of this week. A League was formed consisting of Barons, Champion, Carmangay, Vulcan, Staveley and Clareholm. The first league game will be played at Clareholm next Wednesday between our local team and Barons and some good playing may be expected.

A game was played at Vulcan between Clareholm and Vulcan teams last Wednesday which resulted in favor of Vulcan, the boys standing at 11-0. Clareholm boys were in poor trim and fell down completely.

An exhibition game will be played Monday next at Clareholm between Clareholm and Staveley.

A game was played on Thursday between the Intermediate team and Star Line. Clareholm boys won by 11 to 4. There was some excellent playing on both sides.

Several car loads went to Vulcan to see the game last Wednesday.

## Grand Concert and Dance in Aid of School Funds

Mr. O. Williams and Mr. W. G. Moffatt have arranged to hold a grand concert and dance at the O. O. F. Hall on Wednesday, June 25th. The sponsors have been particularly fortunate in securing the famous English society entertainer and musician Leslie Grossmith, who will give the program of humorous sketches, songs, funny stories and brilliant piano solos that he gave recently in Calgary and Edmonton with marked success.

Tickets sold by school students in advance will make a percentage to the school funds and a great success is anticipated.

# The Beautiful 1919 Models are Here

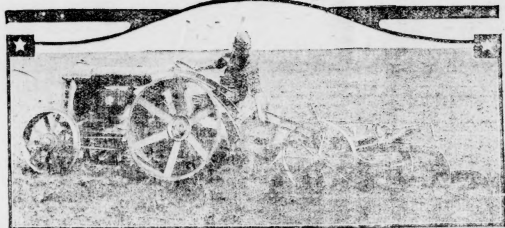

UTILITY as exemplified in the result of an unswerving fidelity to accepted engineering ideals. No radical changes mark the new "H" series which are refined, developed and improved rather than re-designed.

On the two chassis—Master Sixes and Light Sixes—are mounted various body designs in open and closed models comprising a car for every need.

The McLaughlin Motor Car Co., Limited  
(DETROIT, MICH., U.S.A.)

## Vanhorn & Stebbins, Limited

SERVICE THAT SATISFIES

## A famous tractor—the Fordson

THE Fordson tractor has attracted the attention of every civilized country. It is used by thousands in Europe today. It has shown the way to make farms produce more—in every country—and of every size.

Built right—simple, durable, economical, easy to operate—easy

to care for; the Fordson fulfills every requirement. It will make your farm a more profitable investment—will take worries off your shoulders.

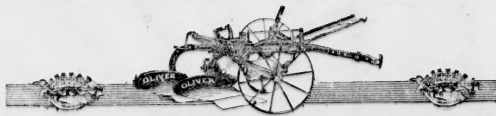

Burns kerosene—all gears are enclosed. The Fordson is built especially to meet the need for a tractor which must be cared for by the operator himself.

## Use it with the Oliver No. 7 Plow

Good plowing—every acre exactly as you want it—that's the result of using the Oliver No. 7 Plow especially designed for the Fordson tractor. Trash and weeds are buried at the bottom of the furrow; the stop device maintains an even depth of furrow. It's the plow that works to the best advantage with this tractor.

Come in and let us show you the Fordson tractor and Oliver plow.

## "The Common Cause" Stupendous Film Production Coming

to Clareholm Soon  
Manager Edlund announces that he has secured for a two day run, Friday and Saturday, June the 20th and 21st, J. Stuart Blackton's supreme triumph, "The Common Cause." This production, unlike most pictures that have the war for backdrop, shows in the lighter side of the great struggle, and few productions ever shown on the silver sheet have been able to reach the most deeply buried heart strings one moment, and to make one roar with laughter the next as in "The Common Cause." No picture before produced has assembled as many famous stars of filmdom as "The Common Cause." Among them we find such internationally well known names as Lawrence Grossmith the famous English comedian, Herbert Rawlinson, Sylvia Breamer the talented Australian actress, Irene Castle, Marjorie Rambeau, Effie Shannon, Violet Henning, Julia Arthur, Louis Dean, Mlle. Marcel, Philip VanLoon, and Charles and Violet children of Comodore Blackton. This production, with its great cast, its intricate comedy, its sweet old love story, its international theme, promises to be one that will live in the memory of Clareholm fans long after it has been seen.

## Claresholm Local News

Major James spent a few days in town this week.

L. G. de Forest was in Calgary on business on Thursday.

Alf. MacAlister and Frank Teters were Calgary visitors this week.

Mr. and Mrs. Brannen were in Calgary at the beginning of the week.

Born, at Claresholm, on June 8th to Mr. and Mrs. Chas. Horsfield, a son.

Joe Chedde has been appointed agent for the Overland cars for Claresholm.

Oscar Erickson of Travers spent a few days in town visiting with his brother Reuben.

L. G. de Forest, O. Williams and W. Hillard are all on the C.P.A. program for next Thursday.

A splendid program has been arranged for the Claresholm Chautauqua, which opens on July 19th.

The Queen's Hotel is being much improved by a coat of paint. J. G. Wallace has the contract.

J. L. McCrimmon and Mr. and Mrs. Redfern motored to Calgary for the week end, returning on Monday.

The Home Boarding House has been opened this week, in the first building north of the I. O. O. F. Hall.

Mr. and Mrs. McKinnley left on Friday for a trip to Oregon. They expect to be away for a month or five weeks.

Car of extra No. 1 feed oats just arrived. Also about 500 bu. of light feed oats at 75c.—Producers Grain Co. Claresholm, 13-3p.

Daily miss the Deachment speech at the C.P.A. next Thursday. No admission charge and no collection. Everyone welcome.

N. M. Dickey sold his farm this week to David Thomas of Carmangay. Mr. Dickey also purchased Mr. Thomas' farm 10 miles east of town.

"The Common Cause," which comes to the Rex on the 20th and 21st, is this week playing to packed houses at the Liberty Theater in Calgary.

A meeting of the Chautauqua committee will be held at the Council Chamber next Tuesday afternoon at 3 o'clock. All those who signed the guarantee kindly aim to be present.

The Presbyterian Sunday school will hold a picnic next Saturday, June 21st, weather permitting. Autos will be provided and the start will be made from the church at 10 o'clock.

Ambassador Gerard's "My Four Years in Germany" is coming to the Rex July 7th and 8th. This picture has been showing in the largest theaters only, having appeared twice at the Grand Theater, Calgary.

The congregational meeting which was held at the Presbyterian church last Sunday night decided to invite Rev. Butcher to supply the pulpit until September. We understand that Mr. Butcher has accepted the call.

The I. O. D. E. at their last meeting decided to present a war savings stamp, value \$400, to the school pupil who purchases the most thrift stamps during the next six months. The same offer is made for the pupils in the country schools.

Claresholm will have a rare opportunity to hear R. J. Deachment at the Opera Hall next Thursday. He is a speaker of outstanding ability and we can be sure that in dealing with the cause of labor unrest that he will give us something worth hearing. Don't miss the chance. Many will remember the able address which he gave here nine years ago.

Gospel tent meetings, under the auspices of the Nazarene church, will be held six miles west of Claresholm near the steel bridge and pump house, June 20 to 29. Rev. Mrs. M. T. Chink will preach the gospel and Miss Vivian Miller will sing the gospel. Meetings daily at 3 and 8 p. m. Sundays at 11 a. m., 2:30 and 7:30 p. m. There will be no services at the Mission or at Greenbank school during these meetings.

Pte. Martin Lee was in town this week for a few days having returned from overseas last week. He left here a little over a year ago but did not get to the front before the armistice was signed.

What is known as the Downs farm lately owned by N. M. Dickey, was sold by Fraser & Peck on Wednesday at about a hundred dollars and taken to the farm is three miles from town and is located in the very best of the Claresholm district. The purchaser was David Thomas of Carmangay.

W. H. Willoughby of Burmas, Alta. will run a herd of 500 cattle west of Pincher Creek at \$108 per month. Lots of grass and water, no poison weed. Guarantees to return all cattle in good condition. Will be at Claresholm Saturday June 21 to take charge of herd if 400 head are secured. For references write K.M. Brown Forest Supervisor.

For several months past automobiles have been disappearing from Calgary and other points. The detectives and police have this week rounded up what they believe to be an organized gang of auto thieves. The fact that all of the stolen autos have been recovered as a result of the arrests would seem indicate that the police are on the right track.

A large furnished cottage, one of the nicest at Aspen Beach, Gull Lake, Alberta, for rent for July, and remainder of June if desired. Cottage is suitable for two couples or a bunch, which makes the rent very easy. It is nicely situated among the trees, Gull Lake lies near Lacombe and is a large lake, with the best of bathing and boating facilities. It is the finest summer resort lake in Alberta. Apply Mrs. Schooley in the Lee Altie house, Claresholm.

Arrangements have been made to make the much needed improvements at the cemetery on June 25th. Quite a number have already signified their willingness to help and it is hoped that everyone interested will be on hand. Mayor Lewis has agreed to act as superintendent of the work. Everyone should come equipped with garden tools. It is also deemed necessary to build a fence on two sides of the ground and Mr. Lindsay will be pleased to receive subscriptions for the purpose. The burial places of the dead are sacred. The world over and are usually made the most beautiful spots in the neighborhood.

## Golf Club

At a enthusiastic meeting held on Wednesday of this week it was decided to form a Golf Club for Claresholm and the following officials were elected: President, T. D. Lewis; vice-president, Maurice Wall; committee, Messrs. C. Holtmann, J. Walker and J. T. Kingsley; secretary-treasurer, J. R. Watt.

A course of nine holes is being laid out along the banks of Willow Creek south of the power house on land leased from Maurice Wall, and it is hoped that play may be commenced right away. The subscription is \$500 for gentlemen and \$300 for ladies, while 25 cents a round will be charged non-members. All wishing to join should see the secretary or one of the committee.

## BUSINESS LOCALS

For Sale—Two Shetland ponies. Apply R. K. Peck, Claresholm.

For Sale—Fresh milk cow and calf and a yearling heifer.—H. L. Wauanmaker, Claresholm. 1-p.

Model 10 Remington typewriter, like new. Auto Kutter, recently purchased; do your own knitting quickly. See J.W. Hallett.

For Sale—Second hand McLaughlin car, with good tires, suitable to turn into truck or torpedo. Price \$150.00.—J.W. Hallett, Claresholm.

House for Sale—6 room house with gas, light, water and barn. Also two lots; for sale cheap if you wish. The deal comes out quick. Apply to the Review office for further information. 12-2p

## Another Letter to Mary

Dear Sister Mary—

Thank goodness, I have at last time to write, we are all through seceding. Our house is nearly completed, and most delightful has been the supervising of the work and the anticipation of its occupancy. Tom and I have congratulated ourselves on many things in connection with "our home," but particularly in our choice of Mr. Bill Fisher as carpenter and contractor. He has been in this neighborhood many years and has had always the reputation for honest and careful work. True he asked more than some of the out of town contractors whom we did not know, but Mr. Fisher has built into "our home" all the carefulness, skill, and honesty of his nature, and we have already forgotten how much more he asked.

Tom says he heard at the lumber yard yesterday, that wholesale prices had already advanced from \$3.50 to \$7.50 per thousand feet. You may be too late to buy at the prices we paid.

Your loving sister Florence.

### Home Life on the Farm

In solving the problem, now almost universally recognized, of checking the tendency of boys and girls to move to the cities and keeping them on the land, the farm home may play the part for the most important part. Even in the cities the right kind of home is the greatest restraining force in keeping young people from drifting far away places and pursuing a life in the most powerful of all influences, and nowhere will the influence of a good and comfortable home, and the right kind of home surroundings, be found more potent than on the farm.

In a new country like Western Canada, which is just coming from the crudeness of the pioneer stage, it is inevitable and altogether natural that in the earlier years of its development the farm home should be small and lacking in those many little comforts and attractive features which appeal so strongly to youth. It was necessary that the hand should first be broken, essential farm equipment secured, a water supply made available, some horses and livestock gathered together, and the necessary buildings provided for their care. Usually, therefore, the first farm home was little more than a shack in which to eat and sleep. It possessed few comforts and was the reverse of attractive, and, isolated in many instances, there were few neighbors, with a resultant great loneliness. It is small wonder that it failed so frequently to hold the boys and girls when they reached their later teens and approached young manhood and womanhood.

Too frequently, perhaps, even after the farm had reached a certain stage of development, and the farmer was beginning to make headway in a material sense, he had no thought of the part which the home should play in his farm operations at all his available money and credit was utilized in buying more and more livestock, more land, and erecting larger and better farm buildings, while the home and its equipment was overlooked and neglected. All too frequently the complaint was heard from the wife and mother and the growing children that father deemed it worth only of the farm itself and the things required by him to extend and improve the farm operations. It was not due to selfishness so much as on his part as to the farmer's absorption and keenness in his farm.

Nevertheless, such a policy is a mistake even from the farmer's own standpoint. The farmer's family is, after all, his best asset, and it does not rebound to his credit to have splendid equipment and the way of farm machinery, great barns, well fenced land, and all labor-saving devices in his own work, while his family lives in a shack or inadequate cottage which is dwarfed into insignificance

and shamed by these larger possessions. The farm home should be made as spacious as possible the most attractive feature of the farm. The wife and mother should be supplied with those little labor-saving devices in the home which so materially assist to convert housework from mere drudgery into pleasure. She will thereby be enabled to give greater attention to her children, while the girls will grow up without that repugnance for farm life which so many farm-bred girls now feel.

A telephone should be installed and thus largely eliminate that feeling of isolation, and bring the whole family circle into closer touch with friends and neighbors. A few good books, pictures, magazines, and the district newspaper will help to brighten the farm home, while, if it is possible, a piano or musical record machine will provide the boys and girls with those pleasures at home which lead them to look longingly towards the cities in order to enjoy.

If a word, the farmer should not overlook every opportunity to make farm life attractive to his boys and girls in order to inspire and encourage them to remain on the land and follow what is admittedly the most independent life anyone can lead in these times. And in his effort to make the farm, and farm living, attractive, he will soon discover by a little observation that he has the greatest of all inducements in a happy, comfortable, attractive home. A little money and time spent on flower beds, trees and shrubs and their care will pay dividends just as truly as that spent on seed wheat.

Make the farm home attractive and the boys and girls will be loath to leave it; leave it unattractive and lacking in comfort and those things which give pleasure and they will be anxious to get away from it and will take the first available opportunity of doing so.

### CHILDHOOD CONSTIPATION

Constipated children can find prompt relief through the use of Dr. Williams' Pink Pills. The Tablets of Dr. Williams' Pink Pills for Pale People will regulate the bowels and build up the system. Constipation, indigestion, colds and similar ailments can be cured by Dr. Williams' Pink Pills. Dr. Williams' Pink Pills have been of great benefit to my little boy, who was suffering from constipation and indigestion. The Tablets relieved him, and now he is in the best of health. The Tablets are sold by medicine dealers or by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

**Stamps Higher in China**  
Washington, District of Columbia.—Owing to the fluctuation in the rate of exchange between the United States and China, the Post Office department has instructed its post offices at Shanghai and other Chinese cities to make a flat charge of two to one for postage stamps when sold for Chinese money. That is, a one-cent stamp costs two cents in the Chinese equivalent. When sold for gold, the charge is the same as in the United States.

Sweet and palatable, Mother's Milk is a perfect substitute for breast milk. It is sold by all druggists and is the best of all.

### Treasure Returned To Belgium

Was Kept for Safety in the Bank of England  
The Belgian treasure, consisting of state documents, savings bank securities, bullion, gold and silver, which have throughout the war been in the safe keeping of the Bank of England, have now been returned to Belgium. They represented the savings of all the Belgian nation in the past years, amounting to many millions. The Cockrell Line, Mark Lane, London, were entrusted with the task. Officials of the Cockrell Line, Mark Lane, had been in London for some weeks preparing for the shipment.

There's a Reason  
why so many  
people make

## Grape-Nuts

the regular part of at  
least one meal each day.

It's because of the  
delightful flavor, and wonderful  
values of Grape-Nuts as a  
health builder.

### Condition of French Troops at Odessa

Naval Forces Are as Emaciated as the Military  
Paris, France.—A terrible indictment is brought against those responsible for the conduct of operations in the Near East, in so far as the French army is concerned, by Guyot de Kergeret, deputy, and naval reporter charged with the mission to inquire into the position of the eastern military and naval forces by the highest army and marine commissions.

As a result of observation, he declares the French army is in a deplorable state, and in an article which the Matin publishes he describes the condition in which he found the French troops at Odessa and in the camps of Turan, Itea and Salonika. Two regiments, he says, would have suffered to save the Crimea and to keep control of the Black Sea.

He adds that the naval forces are as emaciated as the military and that crew lack of food and lack of sleep could not be obeyed owing to the fact that, whatever the government may imagine, ships cannot be manœuvred without men. The result of this lack of organization, concludes the naval reporter, is that France has lost in the Near East the benefits of the victory she had obtained and the prestige, which the magnificent march of the eastern army had won. The troops of the Turks and Austro-Hungarians, which pressed the German defeat, and earned for her name. Mr. Kergeret speaks of the lack of discipline at the French failure and the appointment of a starving population to France for bread.

### Bloon to West

New Hudson Bay Route Would Reduce Haul

Ottawa.—Mr. F. E. Bowden, chief engineer of the Department of Railways and Canals, who has had experience of the Hudson Bay and believes in the feasibility of the route, gave evidence in the House of Commons yesterday in connection with a general inquiry into the possibilities of that region. He said it was possible that the whole of Newfoundland might be added to the navigation season by establishing aid to navigation. Wireless communication could be used to assist vessels in keeping clear of ice floes.

Lights, however, were almost precluded from using the route having regard to ice, and from the point of view of the facilities at Port Nelson, which would be a considerable disadvantage of 7,500 tons carrying capacity should be placed on the route.

Larger vessels could not be accommodated in the route having regard to ice, and from the point of view of the facilities at Port Nelson, which would be a considerable disadvantage of 7,500 tons carrying capacity should be placed on the route. Larger vessels could not be accommodated in the route having regard to ice, and from the point of view of the facilities at Port Nelson, which would be a considerable disadvantage of 7,500 tons carrying capacity should be placed on the route.

### Reign of Terror in Budapest City

Girls Accused of Making Tri-Color Rosettes Executed

Vienna.—Many persons accused of being counter-revolutionaries are being executed in Budapest by the Hungarian communists, according to dispatches from here. The victims usually are shot in front of the Hungarian parliament house in the day time or in the high school yard in the Marka street at night.

Several girls who were accused of making tri-color rosettes for the counter-revolutionaries, were executed. The presiding judge of the revolutionary tribunal, which orders the executions, it is said, is a former lieutenant, aged 24 years.

Many bodies of men, women and girls of the better classes have been found on the shores of islands in the Danube below the city. It is reported that they were arrested in the residential quarter of Budapest and were thrown into the Danube by the Hungarian Guards who were taking them to prisons in Budapest.

French colonial troops, the report says, are expected to move on the Danube from the south. White guards and counter-revolutionaries are preparing to cross the river Theiss, where they have taken positions evacuated by the Rumanians who were withdrawn to the Bosserian front.

Victory is worth nothing except for the fruits that are under it, in it, and above it.

### Italian Aviator Killed

Capitani, Italy, Oct. 10.—The Italian aviator, who was killed while flying in the Mont Blanc region. Caught in a snowstorm, his aeroplane crashed near Bourg St. Maurice, Savoy. He had accomplished one hundred and forty war raids, among them the capture of the German bomber of the Anzani squadron. His aeroplane had been hit many times by enemy fire. D'Annunzio used to call him the "infatigable eagle."

### Ask for Minard's and take no other

### Germany in Favor Of Disarmament

Agrees to Disarm Ahead of All Other Powers

Berlin.—Information has been received from unimpeachable sources that the counter-propaganda to be made by Germany to the peace conference will declare in favor of military disarmament, saying that Germany is ready to reduce her forces to 100,000 within two months after the conclusion of peace, and by the expiration of the year to cut the number of the army down to 200,000 men.

It will be declared that in spite of internal disorders and the necessity for defending her frontiers, Germany thus agrees to disarm ahead of all other powers. It is pointed out that this gives adequate proof of Germany's determination to renounce all militaristic and imperialistic tendencies.

### Very Quarrelsome Neighbors

Names of the parties are Corn and Toes—both were unhappy till the trouble was remedied by Putnam's Corn Extractor. Any corn goes out of business in 24 hours if "Putnam's" is applied—try it, 25c at all dealers.

### Second Dead Sea

Once the Most Famous of Shell-Fish Areas

London.—A sea in which nothing may live has come into being off the southeast coast of England. It is a second Dead Sea.

Pegwell Bay is where the Dead Sea lies. It was once the most famous of the shell-fish areas. Its downfall is traced to the sinking of an oil tanker, the *Edith*, which was wrecked on the shore of Pegwell Bay.

The oil, which was the cause of the disaster, was spread over the sea. The oil of the *Edith* led many to believe that a German gas attack was pending.

The oil, which was the cause of the disaster, was spread over the sea. The oil of the *Edith* led many to believe that a German gas attack was pending. The oil, which was the cause of the disaster, was spread over the sea. The oil of the *Edith* led many to believe that a German gas attack was pending.

The doctor who gets out of patients in apt to lose his temper.

The good die young and the other when they can't help it.

W. N. U. 1266

### Identifying Twins

Reports Only Differed in Initials of Their Names

One of the greatest war problems of the London Scottish Regiment was how to distinguish Ralph Brown (now dead) from his brother Lindsay. They were twins and inseparable, and as strikingly alike in every way that it was hardly possible to distinguish one from the other. Early in their military training their officers were so puzzled that an official order was sent to Ralph commanding him to grow a moustache to distinguish him from Lindsay. After passing through all the grades of non-commissioned rank, the brothers had the distinction of being promoted to commissioned rank together in their famous corps. In all their courses of training equal attainment marked them. Out of a school of 500 officers they were two of four officers specially recommended to the War Office for merit, and they were laudatory of their reports only differed in the initials of their names.

Get the genuine, call for full size I.A.V. BROMO QUININE, or ask for signature of W. M. GROVE, Currier & Ives, N.Y.

### Airmen Form Provincial Association

Airmen Form Provincial Association

Winnipeg.—Airmen of Saskatchewan have formed a provincial association known as the Air Services Association of Saskatchewan, to which pilots of any of the allied countries are welcomed as members. The object of the association is the promotion of the interests of airmen and aerial navigation in this province. Owing to the great distances and the lack of roads and railways in the unsettled parts of the province, it is claimed that aerial navigation can play an important part, especially in the delivery of mails and light cargoes.

**The Terror of Asthma** comes like a thief in the night with its dreadful throttling, robbing its victim of breath. It seems beyond the power of human aid to relieve until one has made of that remarkable preparation, Dr. J. D. Rolfe's Asthma Remedy. Then relief comes with a rush, life becomes worth living, and the remedy is used persistently, the disease is put permanently to rest. Take no substitutes.

### To Possess tact is necessary to have a fine perception, and to be sensitive; for how can we know what will give another without having some criterion in our own feelings by which we can judge of his? Hence I maintain that our tact is always in proportion to our sensibility.—Lord Byron.

### Appreciates the Compliment

"I wouldn't marry the best man living."

"I'm sorry you feel that way about me, but I appreciate the compliment!"—Detroit Free Press.

### Rule of Bolsheviki

Omsk.—Before their flight from Sarapul, on the Kama, southwest of Perm, the Bolsheviki committed great excesses, shooting down the wives of officers and soldiers in the army of the Omsk government. In many cases they did not spare even the children.

Miller's Worm Powders are a prompt relief from the attacks of worms in children. They are powerful in their action and, while leaving nothing to be desired as a worm expellant, have an invigorating effect upon the youthful system, remedying fever, loss of appetite, sleeplessness, and other ailments that follow stomachs clogged with worms in the stomach and bowels.

### Vessels Loading Relief Food

Shipments Will Carry All Devastated Countries Through to Next Harvest

New York, N.Y.—In the ports of Boston, New York, Philadelphia and Baltimore alone are 41 steamers loading cargoes of food bound for Europe, under direction of the American Relief Administration, thus indicating that the American relief, particularly for the newly liberated countries, is now in its final stages. These shipments and those to follow, it is expected, will carry all of the devastated countries through to the next harvest. Belgium has been able to dispense with the relief commission since May 1, and with the new harvest the other newly-liberated countries are expected also to begin to stand alone with respect to food.

### Keep Minard's Liniment in the house

Our lives are like billings going up, and every one who comes to us whether for a prolonged stay or only for a few moments, puts something into the walls or into the adornment. Our friends, if they are worthy, exert a measureless influence over us.

## MUNICIPAL HAIL INSURANCE

Why You Should Not With-  
draw From the Operation  
of the Act

The Hail Insurance Board, created under the provisions of the Municipal Hail Insurance Act, has established headquarters in Calgary with offices at the Canada Life Building. The officials are farmers of many years standing, men who have had practical experience on the land, as municipal officers, and with hail insurance. The adjusters have already been appointed and everything is in readiness for the season's operations. Those who are taking advantage of the Act and insuring their crops with this Board are assured a square deal.

There are many reasons why the farmers of Alberta should support this plan of Hail Insurance. Space will not permit to give all the details, but a few can be enumerated that will show the farmers that to be insured with this Board is absolutely safe.

(1) **The Farmers' Own Company.** It is endorsed by the U. F. A., by municipal conventions and by the majority of the organized municipal districts of the Province.

(2) **Insurance at Actual Cost.** There are no commissions to be paid to agents and no profits to be paid to shareholders.

(3) **Absolutely Fair Adjustments.** The staff of adjusters appointed by the Board are all farmers, every one of them having crops of their own that may be hailed out tomorrow. They would be adjusted by some other farmer, consequently it would not pay them to make anything but fair adjustment with those they are dealing with.

(4) **Settlements Made Promptly.** The Board has arranged for sufficient funds to take care of any amount of business. They have a credit of \$1,000,000.00 and can get as much more as they require.

(5) **A Cash Proposition on a Credit Basis.** The rate is struck in September, but the premium is payable at any time until December 15th. The rate is only sufficiently high to pay all losses in full, and the cost of administration, and to provide a

small surplus for the better carrying on of the business. Everything else being equal, it is a matter of dollars and cents to the farmers. The line companies, by their own figures, have made big profits during the last five years in the Province of Alberta. There is no reason why this money should not be retained in the pockets of the farmers, and at the same time they will receive the same protection on their crops under the municipal hail insurance plan.

If any further information is desired, apply to the Secretary-Treasurer of your municipal district, or to the Hail Insurance Board, Box 140, Calgary, Alberta.

### CALGARY EXHIBITION

The Program arranged for the Calgary Exhibition which takes place from June 28th to July 5th, is without a doubt the best ever presented, while the facilities for taking care of the visitors, as well as the exhibits, will be greatly enhanced by the new concrete grand stand and cattle pavilion now in course of construction. The new grand stand will seat 6,000 people and the cattle pavilion will provide a judging and sale arena as well as stabling accommodations.

The attractions for the 1919 exhibition include such splendid features as John Philip Sousa and his band of fifty-five musicians and two vocalists; passenger carrying and stunt flying by two overseas aviators, Capt. Fred McCall, D.S.O., M.C. with his D.F.C., of Calgary, and Capt. W. May, D.F.C., of Edmonton; several high class vaudeville acts; automobile and horse races.

Reduced passenger rates will be given from all points in Alberta and Saskatchewan, also all British Columbia points as far west as Golden and Nelson, and on the Kootenay Central railway.

The prize list is now ready for distribution and a copy of same may be had upon application to the manager, E. L. Richardson, Victoria Park, Calgary.

### STRAYED

Strayed from near Brant, three yearling heifers and one 2-year old, all red, branded—**K N** right ribs. All have tip of tails bobbed off. The cattle went off in the blizzard. Will pay for information.—W. B. Parker, Brant, Alta. 11-3p
